Keep your classroom or work area organized and supplies in place with a suite! With a large work space, lots of storage room, and open compartments, this unit will fulfill a variety of your classroom and office needs and will look good doing it. The large cabinets and sturdy drawers are great to stow away all of the supplies that clutter up your space, and the large counter top provides a great area to sort through your work or lay out projects. Not only is this storage system functional for today's classroom, but its high quality design and variety of color choices is sure to brighten up your learning environment.

Durable laminate for easy cleaning
