SAU #11
288 Central Avenue
Dover, NH 03820

Dear Superintendent Harbron:

On behalf of the Exploratory Committee of the Milton School District we are extending our heartfelt appreciation for your interest and information regarding tuitioning Milton Middle and High School students to your excellent school district. Our committee has been diligently preparing all information and will continue to contact your district as we thoroughly delve into all aspects. We have given an update of superb progress of our committee to the Milton School Board in May and we are targeting the July 28 school board meeting or the first school board meeting in August with the presentation of the entire comprehensive report. In completing a thorough review of all possibilities, please also inform us as to whether your district is interested in tuitioning any of your middle and high school students to Milton.

We are very enthusiastic about the outstanding opportunities for our students and look forward to continued collaboration with your district regarding tuitioning our students to your district. We are very grateful for your time and efforts in providing information as we all have navigated through a challenging year as we celebrate end of year activities.

Please be aware that I, along with members of the committee will be available to further discuss this possible collaboration regarding an area agreement whereby we would be tuitioning our middle and high school students to your district. Thank you for your invaluable assistance as we all seek to provide the optimum educational opportunities for all students.

Sincerely,

Irwin H. Sussman
Superintendent
