Patty,

I am not sure who to send this to as the City Clerk typically records the resignation (below) and passes on the vacancy to the Appointments Committee to deal with. I don't want to put the pressure on you but I know you must have the inside track on how to handle this for the time being or you can point me in the right direction. Thanks for your help.

Hi Gary,

I will not be able to make it on Monday. I have begun working with the Friends of the Dover Library group and was just asked to chair one of their subcommittees. I have also recently received additional responsibilities at work. Between these two things which are both taking up more of my time, I no longer have the capacity to serve on the Rec Advisory Board. I believe it would be best for me to resign, as my term is set to end in December and I am not sure that I

will be able to make any of the meetings between now and then. Please let me know if there is a formal process that I should follow to submit an official resignation or if this email will suffice.

I've very much enjoyed being a part of the board and wish you the best of luck in continuing to serve the recreational needs of Dover.

Thanks,
Melanie

Hi Gary.

Thanks for the very kind words.

As requested, this email is to inform you that I am resigning my appointment to the Dover Pool Advisory Committee effective as soon as possible.

I am resigning because I recently signed hiring paperwork with the City. It is my understanding that as a part-time city employee, I no longer can serve on the committee.

I wish I could attend this coming Monday's meeting to tell the committee personally but unfortunately, I'll be out of town on business.

Thanks for everything you've done over the years to support Dover's Pools.

Cheers,

Committee to Address Community Housing Needs

MY BACKGROUND OR INTERESTS ARE:

I have worked in different real estate fields for 5 years. At 18, I got my real estate license, and my background includes property management, real estate sales, and construction project management. At 21, I became the youngest real estate broker in the country and opened a property management firm. Currently, we manage 400 units in the seacoast area. As someone in the generation most heavily impacted by the lack of affordable housing, my goal from day one was to create a business where tenants feel safe while impacting my local real estate market.

IF APPOINTED, I WOULD (State your Goals):

I would aim to promote incentives for developers to continue the construction of affordable housing units in Dover and foster an environment that encourages their involvement in this cause. Additionally, I am passionate about educating people about workforce housing and its necessity in our community. Lastly, I would strive to foster greater socioeconomic diversity within our neighborhoods because of the numerous benefits of an inclusive community. By working towards these goals with fellow committee members, I am confident we can create a comprehensive and effective plan to address our community's housing needs.
