

2024 - 2025 Program of Studies Changes

Most of the changes to the program of studies for the 2024-2025 school year were grammatical fixes and tweaks to dual enrollment course titles/schools. The few changes that were made include:

1. Additions to Interdisciplinary credits -

9

	Completion of Cosmetology I, II and III #931250, 932250 and 933250

Interdisciplinary Studies to ADD:
Computer Education (all for .5 credit) - Digital Media Arts, All levels of Business, Computer networking, Computer Programming, Film and Animation, pre-engineering
Math Credit (.5 credit for all) - Welding, Culinary
Fine Arts (.5 credit for all) - Culinary, COS I, COS 2, Welding
Science Credit (all are 1 credit) Sports Med I, Sports Med II, Honors BioMed I, Honors BioMed II, Large Animal Science

- Added an option for College Prep College Writing instead of only having an Honors option.
- Updated the title of Math & Money to now read: Math, Money & Personal Finance.
- Included a note to Health Class description to include information about the Teen Mental Health/First Aid curriculum.
- Split the general level of Integrated Science into A and B. Upon completion of each section students would earn 0.5 credits of physical science.
- Removed three courses: Unified Health & Wellness mentor/mentee, Care & Support, Electrical Technology III (but still available as an ELO)
