

What is this?

This year, the City of Dover is conducting an audit of its Zoning and other land use regulations to address the housing crisis. City staff needs your help getting started.

Below are some prompts. Place dots on the answers that are applicable to you, and then place dots on the types of housing that you believe are needed in Dover on the **other board**. If you are comfortable doing so, you may also place a dot where you live on the **map**.

By what approximate dollar amount did your total housing costs change in the last 12 months? (rent, mortgage, utilities, parking, etc.)

Decreased	Stayed the Same	Increased by less than \$50	Increased by \$50 to \$99	Increased by \$100 to \$199	Increased by \$200 to \$299	Increased by \$300 to \$399	Increased by \$400 to \$499	Increased by \$500 or more

Which do you prioritize in selecting a place to live? (Pick three)

Cost or affordability	Proximity to green space	Walkable neighborhood	Public transportation	Close to family/friends	Close to where I grew up	Size of home	Amount of land	School district	Safety	Infrastructure

My ability to stay in Dover depends on finding decent affordable housing.

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
