Colleagues -

So on top of other things going on... I have Covid. I'll be attending tonight's Council meeting remotely. Sorry for all the roll calls.

Regarding the Ethics Commission report the Council will formally receive tonight: As I have stated publicly, I intend to defend myself against the charges in the complaint and will ask you to reject the findings and recommendations in the Ethics Commission's report.

I understand the intent is have the Council address that matter on Feb 5. I ask that, tonight, you decide:

1. To allow my attorney to participate in my defense, and that he not be subject to a time limit; and
2. To accommodate his availability, move the special meeting to Feb 12 or Feb 19 so he might be able to attend. He has a conflict on Feb 5.

Finally, I have put all the background materials and exhibits in one place. All of these are already public and on Treno somewhere, but not necessarily in one place or easy to find. I hope you will take the time to review these so you can better understand how we got here.
