Hi Fergus- Thanks for the reminder. We have stitched in Football lines and painted soccer/lacrosse. If it was up to me I would do all permanent lines as it just makes things so much easier, but I know a lot of people have different opinions.

With advances in turf technology my understanding the way to put lines/logos into turf they do less "stitching" and colors are embedded into the turf itself. RAD, who we use often, has Shaw Turf. Here is their website: <https://shawsportsturf.com/en-us>

Good Luck!
Carrie

Hi Carrie -

Just bumping up this request. Thank you.

Subject: Wildcat stadium stitched lines

Hi Carrie -

We are getting ready to order the carpet for our new turf fields at Dover High.

I know Wildcat Stadium is marked for football, soccer, and lacrosse.

Are all those lines stitched permanently into the carpet, or are any of them seasonally painted?

There is a minor debate here about whether we should just stitch for football and paint for other sports.
