CITY MANAGER'S OFFICE
DOVER, NH

April 19, 2008

Dear Dover City Council,

I think it is wrong not to open the outdoor pool this summer.

I know - tax cut - everything has to be cut - but not the summer pool for Dover kids.

When we moved to New Hampshire (my husband was going to work in Dover) we looked at a number of seacoast cities for a place to live - good schools, attractive houses and yards - etc. But what sold me ^{on Durham} (with three young children) was the Durham outdoor pool. We spent the day there: the children in lessons or free swim; I, with the other mothers, "wall-sitting" to watch everything. I got to know the moms; the kids got to know the Durham kids. The home is okay, the schools were great, but the outdoor pool made it.

I hate to see Dover children
deprived of their pool.

I'd like to send you a check to start
your fundraising. Admittedly, it won't
cover your \$150,000.00, but it's a
start; and maybe other people will be
motivated to help out.

Please tell me to whom to make
out the check (I enclose an envelope)
and I'll send you \$100.00.

Sincerely,

Liz Hagner
