=====

- Provided copies of recent letters from Comcast to Committee
- Reviewed Dana's draft letter for 3rd request to franchise compliance questions.
- The Committee has concerns that Comcast is not being responsive to prior information requests. It was noted that it took a considerable amount of time for them to respond to the Gulf Road and Channel 8 issue.
- The Committee would like to request that the Planning Department give them a 50 house density map to respond to Comcast's denial for an extension along Gulf Road .
- It was stated that FM service and Weather Channel may be in violation of current Franchise Agreement and statements contained in original proposal.
- The Committee states there is a need to follow up with 2nd notice related to the prior default letter sent concerning the emergency audio override.
- Complete analysis of the survey is needed. File needs to be sent to Dana to collate.
- The next meeting will be held May 12th at 6:00 pm; agenda to follow.
