DATE: October 28, 1996
RE: Joint Economic Workshop

Please be reminded, that there will be a joint workshop for the City Council, Planning Board and Dover Economic Development Corporation regarding the Economic Section of the Master Plan. The workshop is scheduled for Wednesday, November 6, 1996, at 7:00 PM in the Council Chambers of City Hall.

Russ Thibeault from Applied Economic Research will discuss past and projected future economic trends in the City and the region. This information will be extremely valuable as we begin to layout an overall Economic Development strategy for the City. Please plan on attending.

See you there!
