**2. PLEDGE OF ALLEGIANCE**

Councilor Johnson led the Pledge of Allegiance

**3. ROLL CALL**

Members Present: Councilor Johnson, Councilor Landry, Mayor Pro Tem Perry, Councilor Rawding, Councilor Reese, Councilor Berry, Councilor Jalbert, and Mayor Wil Boc.

Councilor Wilson was absent.

**4. PUBLIC HEARING**

1. Ordinance #4-04/08/98, Chapter 3, Administrative Code. Section 3- 4.1 City Hall Hours. Sponsored by Mayor Pro Tem Otis Perry

The Mayor opened the Public Hearing. Seeing no one, he closed.

2. Ordinance #5-04/08/98, Chapter 3, Administrative Code, Section 3-55, Cemetery Board. Sponsored by Mayor Wil Boc by Request.

The Mayor opened the Public Hearing. Seeing no one, he closed the Public Hearing.

**5. CITIZEN'S FORUM**

Tom and Jamie Willett - 2 Tideview Drive. They explained that they were the people who brought the issue to the Council regarding the Garrison Road land sale. Mr. Willett stated they were outbid by a developer and they are willing to match the highest bid.

Chris Nash – 382 Blackwater Road stated he is opposed to Exit 10 and supports the resolution. He stated we worked a long time to get our first home and don't want to lose our home, our neighbors, and the neighborhood. Chris stated from a city view we should be concerned with conservation of land and Cotton Hill Well.

MINUTES - REGULAR COUNCIL MEETING

MAY 13, 1998

He continued by stating, regionally, we need to fix the existing problem areas:

He noted that the City Planning staff agrees with this, the Seacoast Metropolitan Planning Organization and even the Federal transportation legislation (ICTEA) also agrees. He stated he urges the council to support the resolution.

Dana Lynch – 24 Lexington Street. The President of the Chamber of Commerce stated he would like to speak to Resolution 11B-1 Regional Transportation. He stated in February 1998 he sent a letter to the State of New Hampshire on behalf of the Tri-Areas Chambers in support for work along the Spaulding Turnpike. He stated there are still many questions to be answered. On May 20, 1998 from 7:30 a.m. to 9:00 a.m. the Chamber will have a Breakfast Forum at McIntosh College. He stated all the City Council members are invited to attend. He asked Council to table this until the DOT & Communities meet and we get answers to the questions.

Cory Wilson – 400 Blackwater Road. Cory stated her family owns 14 acres and a home that is 2 years old. She requested the council please don't support Exit 10 and ruin the land sanctuary.

Bob Thomas – 234 Blackwater Road. This is a safe area where wildlife protected and many things will be taken away from this city.

Mardean Frazer – 385 Blackwater Road. Ms. Frazer hopes somehow a compromise can be reached. She understands Somersworth wants their own exit, but geographically that it is impossible. Ms. Frazer suggested

- 1) changing the highway sign to indicate Somersworth on Exit 9,
- 2) fix up Weeks Crossing, and/or
- 3) give money to Somersworth to widen High Street. We should figure out a way to help them substantially and also save our homes.

Barbara Godin – 22 Parsons Lane stated she has finally become a Dover north end resident; we just got our Certificate of Occupancy. She stated, if Exit 10 happens there could be an intersector over my cul-de-sac. Ms. Godin asked the Council to support the resolution and oppose Exit 10 in Dover.

Lena Redden - 117 Varney Road. Ms. Redden stated they built a home in 1985 and it was rural but within 2 miles of Exit 9. Before we create more concrete landscapes, we should fix what we have.

Mul Desrosiers – Blackwater stated he has lived here 35 years and is in the direct path of the highway.

Jim Wilson – 400 Blackwater. Mr. Wilson expressed his concerns relating to his daughter comments earlier. We moved here 2 ½ years ago. He stated this

MINUTES - REGULAR COUNCIL MEETING

MAY 13, 1998

is not beneficial to Dover at all. We will lose tax revenue. What are the residents supposed to do?

Karen Skeels – 120 County Farm Cross Road. We are all good citizens. Now we hear our properties might be ruined. This is a lot of money for, what? We don't know! There are a lot of maybes, and might be's. Ms. Skeels asked the Council to have an open Tri-City Meetings regarding development of the area.

Faith Wilson – 400 Blackwater. Ms. Wilson thanked Councilor Rawding for calling her. She stated Somersworth doesn't see the faces of the people this is going to affect. She sent letters to the Governor, State DOT, and the Dover Council. She sees nothing that would compensate the residents for the loss of their homes and land.

Jim Jewel – Mr. Jewel is a Dover resident. He thanked the council for returning his calls, and thanked Bruce Woodruff. Mr. Jewel also thanked Mayor Boc for calling Somersworth and his proactive approach to this issue. Life, liberty, the pursuit of happiness & pavement for all. This is a sensitive issue for many of us. Is this a justifiable to impact the community? He continued by giving his individual perspective: His wife and he spent 8 months looking for a home in a rural area. He stated we found it. The quality of life would significantly impact our life style. Mr. Jewel is concerned about the children of the city.

City perspective. He stated he understands the State won't fund the feeder roads and this will fall on the taxpayers of Dover. There will be lost revenue from depreciated value of homes and the Cotton Well has had \$200K invested into it.

State and Regional: Existing before new. There will be increased tolls. In March 1996 the existing policy was not to build an Exit 10. He asked the council to show leadership.

Andy Johnson – Dover Point Road. Mr. Johnson spoke regarding the transit system and said he can get from Dover to Mexico on public transit, but can't get to Somersworth. Maybe we should consider increased public transit. Mr. Johnson doesn't want to see this place looking like Los Angeles or other places he wouldn't call roadless areas.

The Mayor closed the Citizen's Forum.

Mayor Boc moved to suspend the rules to move up 11B-1, seconded by Rawding and Perry. Motion passed on a roll call vote of 7-0.

**11B-1 Resolution RE: Regional Transportation. Sponsored by Councilor David Landry and Councilor Scott Rawding.**

Rawding moved to adopt, seconded by Landry.

MINUTES - REGULAR COUNCIL MEETING  
MAY 13, 1998

Rawding stated this has been the most lively and emotional item yet. The fact is, this resolution does two things

- 1) ceases to allow the State to move forward to create an Exit 10 in the City Limits of Dover, from a councilors standpoint it takes C & D off the table,
- 2) we are allowing Exit 10 in another area, just not within the city limits of Dover.

Rawding stated the residents have asked for our help and leadership.

Landry stated it is difficult to articulate the voice of the citizens. He also stated the Parking & Traffic has had a couple of meetings; the first was April 15th. This meeting provided the citizens with information and allowed for citizen exchange. The second meeting was last week. Steve Stancel and Bruce Woodruff provided additional information including slides.

Landry stated the Council's task was to consider the following items: Does the project Exit 10 alleviate traffic congestion, does the project provide for added traffic capacity allowing for future economic development in Dover, D Does the project provide direct access to suitable land for commercial and industrial development in Dover, Does the project adversely impact wetlands, agricultural land, forest land, groundwater protection areas, wildlife, flood plane and the quality of life. Does the project make sense for improving the turnpike facility as a whole through the a region?

Landry stated he is capable of making hard decisions, and the conclusion reached by the Planning Board. He stated Dover does not have a benefit. This will be very costly to the City of Dover. He stated this resolution does take a regional vision.

Jalbert stated he looks at this differently. He doesn't necessarily support the exit in Dover. He stated 45 years ago the turnpike was improved because of PAFB. He stated in late 1985, the East/West Highway was the issue, but that went by the way in 1993. But Exit 10, was always on the books. Jalbert also stated the process has to take place and environment impact study must be completed. He stated we don't have the same strength as the rest of the State or as we use to.

He also stated he doesn't believe we can replace Exit 10 with fixing Exit 9. Dover needs to request money for Exit 9 as a different project. He stated he believes this is not the way. We need to work with DOT.

Jalbert stated we can't stop the process, we can help guide it; but we should do it differently.

Johnson stated he believes we should recommend that they consider the other alternatives. The DOT can accept the fact that Dover opposes this Exit.

MINUTES - REGULAR COUNCIL MEETING

MAY 13, 1998

Johnson moved to amend: inserting "which reinforce the City Council resolution of March 13, 1996", seconded by Rawding and Landry.

Perry stated he was opposed to the amendment because it says no building of Exit 10 and it lists many other ventures that need to be done. He doesn't want to connect the two resolutions.

Rawding stated Johnson's amendment was to try to state this is not a new issue, this was brought up before. He stated this resolution just says we don't want to spend more.

Johnson withdrew the amendment, and the second.

Perry stated this resolution gives our officials the responsibility to explain to the citizens what our position is.

Berry asked the council to wait for DOT, he stated he feels that this resolution clearly doesn't state that the exit is going to be built in Dover. We need to look at this in the long term for the whole corridor.

Rawding stated this clearly states we are not interested in pursuing an Exit 10 within the Dover City limits.

Jalbert applauded the Councilors, but doesn't feel this is the way and feels it will overall hurt Dover, the region, which hurts everybody.

Mayor Boc stated he applauded the Councilors for being civil and rational. There were no negative statements regarding our friends and neighbors in Somersworth.

Motion passed on a roll call vote of 6-2. Berry and Jalbert opposed.

MINUTES - REGULAR COUNCIL MEETING

MAY 13, 1998

**Columbus Avenue Project. Sponsored by Mayor Wil Boc, by Request.**

Perry moved to adopt, seconded by Reese.

The City Manager displayed a map of the area. He stated they are working with the developer. The City Manager asks the council to appropriate \$55K for water lines.

Jalbert stated the Master Plan identified Columbus Avenue as Commercial/Industrial development and stated he could not approve this unless it is for water and sewer for community growth.

The City Manager explained presently this is currently zoned residential the developer is considering expanding the subdivision.

Reese explained the plan for water and sewer.

Jalbert stated the developer should pay if he wants to expand.

The City Manager stated the \$55K is the difference between what the developer is paying to put water lines in and the city's desire for bigger water lines for future development in that area.

Perry asked regarding the Master Plan. He asked Councilor Reese if the Planning Board had discussed this area and what may be proposed for this area. Reese stated, no.

Perry asked if we are stopping at his property or going to Tolend Road.

The City Manager stated, yes, we are stopping at his property.

Bobinsky stated the standard size of water line is 8 inches.

Perry asked about the 8 inches versus 12 inches, which is on the book? The discussion continued regarding this.

Bobinsky stated with the original proposal, the exit was to be on Littleworth and now it's on Columbus.

Jalbert stated we shouldn't be paying for this, the developer should.

Landry stated if there was commercial property is it acceptable to run the sewer right along next to the water line?

Bobinsky explained more regarding sewer lines.

Perry stated he is concerned that we've got a City code that calls for 12 inch lines and then we grant a waiver for smaller lines and then have to pay to come back up to code.

Motion passed on a roll call vote of 5-2. Landry and Jalbert opposed.

**9. Resolution RE: Appropriation of Wetland – Dover Housing Authority. Formerly 11B-16.**

Landry moved to table, seconded by Reese on a vote of 7-0.

**10. Resolution RE: Award of Purchase Order for a used 10 Wheel Dump Truck. Sponsored by Mayor Wil Boc, by Request. (11A-5)**

Perry moved to adopt, seconded by Berry.

Bobinsky explained the vehicle has low mileage, it was in the Middle East (224K). This vehicle will be used in a multipurpose manner. He stated we will add a dump body, wing plow and front plow. He stated the State will sell this truck to the city for \$9,900. With all the additional equipment the total will be \$30K - \$35K.

Rawding asked why water and sewer funds are being used for this.

Bobinsky stated we will use the truck in that area as well as other city areas.

Rawding asked if this is a replacement piece of equipment.

Bobinsky stated, yes.

Landry asked why isn't it split between something else other than sewer and water. He stated he is in favor.

The motion passed on a vote of 7-0.

**11. Resolution RE: Sale of Land on Garrison Road.**

Perry moved to direct the City Manager to allow the Willetts to purchase the land at the maximum bid price of \$35K, seconded by Berry.

Perry stated the Willetts started the process and we should award the property to them.

Jalbert moved to suspend the rules, seconded by Johnson. Motion passed on a roll call vote of 7-0.

Jalbert motioned to amend the resolution to \$34,501.00 and award to the Willetts, seconded by Johnson.

Motion to amend passed on a vote 5-2. Rawding and Perry opposed.

The main motion as amended on a roll call vote of 7-0.

**C. ORDINANCES IN THEIR 1<sup>ST</sup> READING**

**Ordinance # 6-05/13/98- Chapter 170 Zoning section 170-16 ETP District. Sponsored by Councilor Jerry Reese Planning Board Rep**

Reese moved to refer to a Public Hearing on June 10, 1998, seconded by Perry and waive the mailing notice. Motion passed on a vote of 7-0.

**D. COUNCIL CORRESPONDENCE**

1. Letter from Interested Citizens – Woodman Park Playground Equipment.
2. Letter from Woodman Park Student Council - Woodman Park Playground Equipment.
3. Letter from Marguerite Sharp - Regarding Dover Track
