Traffic problem

From: "Scott Davidson" <jscottdav2002@yahoo.com>
To: jscottdav2002@yahoo.com

To the City Council:

With thru traffic all the time on River St., we need a stop sign and crosswalk at the intersection with Henry Law Ave, on the downhill side.

Drivers tend to treat the right turn as just a curve in the road. Many are in a hurry, on cell phones or both. In addition to those walking to and from town, many nearby residents walk dogs in the park.

Vehicles need to be slowed down before reaching the top of the short, steep hill. This should be done soon. A driver hitting the brakes on an icy hill to avoid a pedestrian could be disastrous for both.

Thank you for your attention.
