

IF YOU ARE CONCERNED ABOUT THE FLOOD STAGE WATERS OF WILLAND POND AND THE RESULTING AREA HIGH WATER TABLE THAT CAUSED DAMAGE TO MANY OF OUR HOMES DURING THE HEAVY RAINS OF THIS SPRING, PLEASE LEND YOUR SUPPORT TO OUR SEARCH FOR A SOLUTION, BY SIGNING BELOW.

Even if you were not affected by the flooding rains of mid May, the next hurricane, melting winter snows or another spring of heavy rainfall will undoubtedly cause more flooding and an even higher water table, causing more damage to our homes, resulting in lower property values.

Please take a moment to read the attached letter, which has been sent to Harvey Turner, Ward 6 Councilor, Scott Myers, Mayor, Michael Joyal, City Manager, Jason Hindle, Councilor At Large and Dennis Ciotti, Councilor At Large. The list of names of concerned neighbors will be sent to Mr. Turner. If you feel you can add expertise in any way, have a solution, have questions or concerns, I urge you to to contact city officials. Send a letter or e-mail telling them about your property damage and resulting problems.

RECEIVED
DOVER CITY CLERK
DOVER NH
2006 MAY 4

INDIVIDUALLY WE CANNOT SOLVE THIS PROBLEM, BUT COLLECTIVELY AS TAXPAYERS AND VOTERS, WE CAN VOICE OUR CONCERN, INVOLVE CITY OFFICIALS AND HELP FIND A SOLUTION TO THE WILLAND POND PROBLEMS.
