Report Card Activity

3 groups--Elementary, Middle School, High School
Group notes sent to Paula Glynn

Hand-out: Draft of Report Card Action Plan

- Numbers 8 and 9 Is it standards-based or competencies?
 - Should say competencies, they address multiple standards
 - Look at high school language for accreditation, language needs to match
 - Look at the law
- SLOs very important-- student learning objectives
- Parents with no computers will get printed
- What about PD, and parent communication...should be in conjunction with report card work?
- #6--does not have to be after school, important part of buy-in have teachers participate
 - Paradigm shift in how we grade, every single teacher has to buy into plan--how do we get there?
 - Eliminate and let groups figure out how to get the work done
 - Use some of inquiry time, develop a PD inquiry plan to incorporate
- Elementary level will need representation from each school
- Maybe push out some readings, philosophy, to teachers

- Take notes and make changes to report card and Paula will come to school staff meetings at each school.

- Need a way to communicate what happens in committees

- Is it easier for a small group to work on?
- Change involves everyone and work group is small
- The understanding is much bigger than the report card
- What is the big plan? How does this new report card with PD, technology curriculum?
- Educate on the overall plan and big picture
