Madame Mayor and City Council Members:

I am writing to you in support of creating all day, flat fee (\$3) parking on River Street. Back in April we purchased Rivermill at Dover Landing in One Washington Center. We are excited to be part of the Dover community, and are hoping to expand our business from predominantly a weekend operation, to hopefully become the go-to-venue for business meetings.

In May, shortly after we purchased the business, we were fortunate to host a group from Liberty Mutual, and we are hoping that we can build on that. In order to accomplish this goal, parking needs to be addressed, and we feel this would be a good solution to the problem. We welcome the opportunity to let our clients know what the parking situation in advance, and put everyone's mind at ease.

I would also like to commend William Simons, as he helped us at that time with a parking concern that I had with a 3-day event. I met with him to discuss our situation, and he came up with a viable solution almost immediately.

We find it refreshing that everyone in Dover City Government is willing to work to help business grow. If you have any questions, feel free to contact me on my cell phone listed below.

Sincerely,
Kevin P Sullivan
