Dear Councilors,

I am unable to attend Wednesday's City Council meeting, and am writing to tell you that I support, and ask you all to support, Councilor Cheney's Resolution 12.C.2 to amend the council rules to include a Citizens Forum at both the beginning and at the end of Workshop meetings.

For someone like myself, it's much easier to give my comments in the beginning, in the hopes that you will take heed to them during your Workshop. Other citizens, who sit through the Workshop, will have other ideas and it would be good for the Council to listen to those ideas at the end of the Workshop.

You are always asking for citizen input... this allows it.

Sincerely,

P.S. Would the Mayor please read this into the record.
