RE: RFP – Land Survey
Dover High School & Regional Career Technical Center
Barrington, NH 03825
Project # 103114

Dear Tina,

I would, first and foremost, like to thank you for the opportunity to bid on this project. Being a Dover High graduate, and having spent many hours on those practice fields gives this project special meaning to me. I would consider it an honor if chosen for this project and hope that you find my proposed compensation bid to be favorable.

Thank you for your consideration.

LOCUS PARCEL IDENTIFICATION:	Dover High School	Lot H-12
	The Junior High	Lot H11-1
	The Bellamy "practice fields"	Lot H-17
	Dover, NH	
	Total	76 acres +/-

SCOPE OF SERVICES:

All tasks outlined in the Request for Proposal – Land Survey, dated December 5, 2014 and last revised on 12/10/2014, unless otherwise noted below.

COMPENSATION: \$45,000

FEE SCHEDULE: To be negotiated with HMFH Architects, Inc.

EXCLUSION & DISCLOSURES:

No engineering included

Snow depths may alter time accounted for field work within this proposal. Additional time or money may be required if snow depths are in excess of 6" during the time the field work must be performed.

This proposal is valid for 30 days from the date of this document.

Thank you for the opportunity!

Sincerely,

Jason Pohopek, NHLLS #941, NHDES Designer #1512
