

2014 Dover Student Survey Results

City of Dover, NH Community Level Report

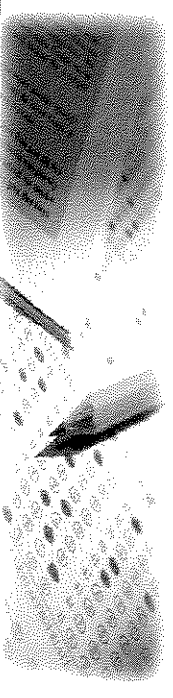

Survey Committee

- Objective: Coordinate **data collection** and **report out** to major community constituents (parents, schools, police)
- Committee Consists of:
 - 2 DHS
 - 1 DMS
 - 1 Police
 - 2 Community

Survey Overview

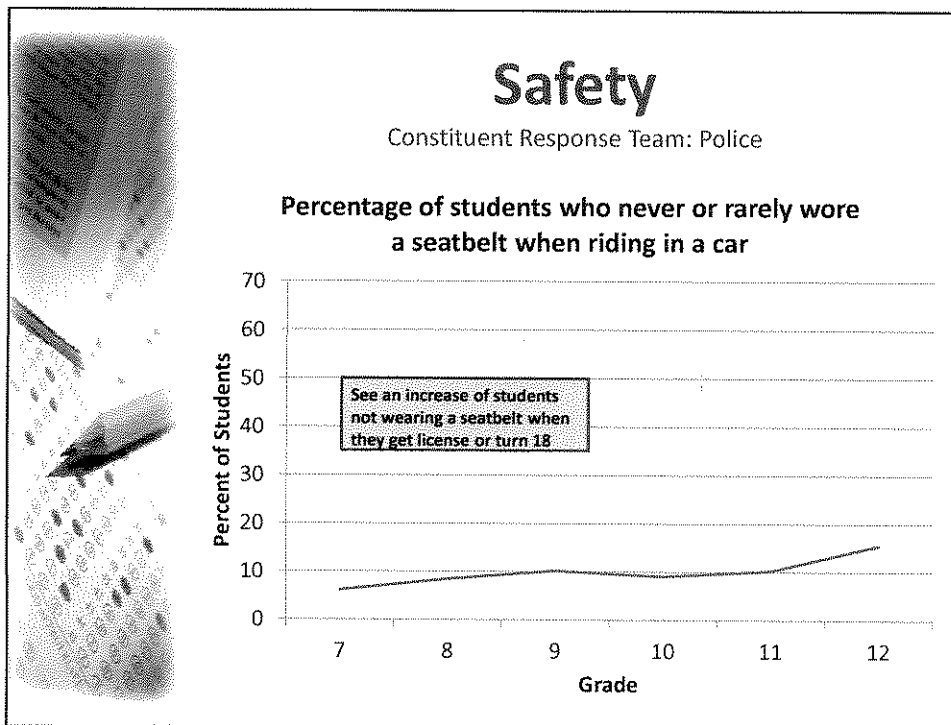

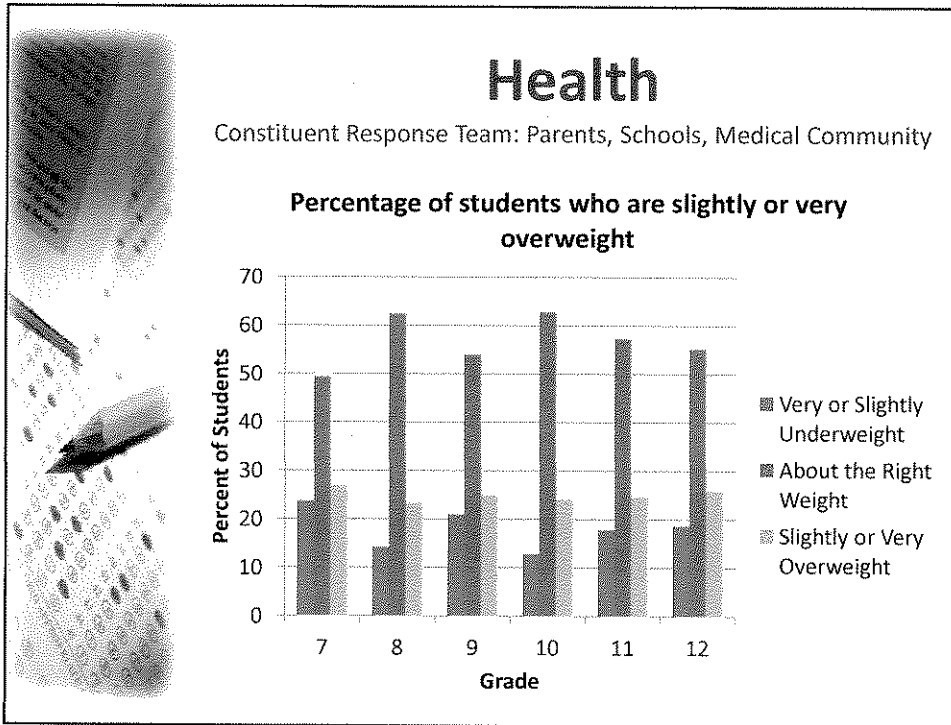

- Students in grades 7-12 completed survey the Dover Survey (a home grown survey that allows us to ask questions that we feel are important)
- 120 questions about a variety of risky behaviors were asked
- Dover was the only school to conduct the survey in 2014 so there is no comparison data available
- Conducted in March of 2014
- Surveyed a total of 1,624 students in grades 7-12
- High School Data included Dover, Barrington, Nottingham and Alt School

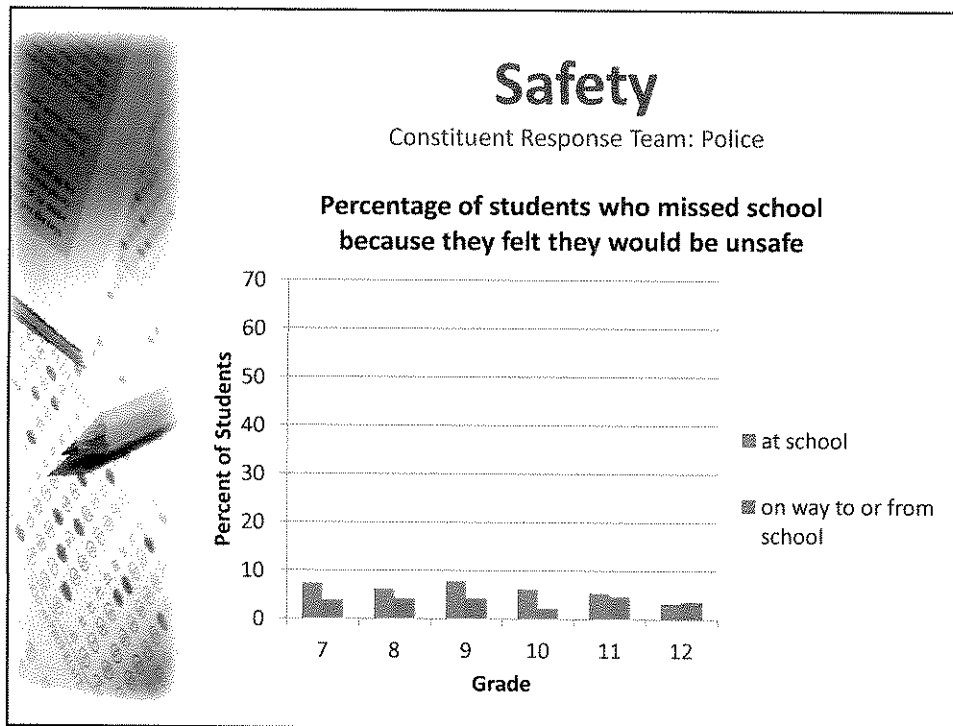

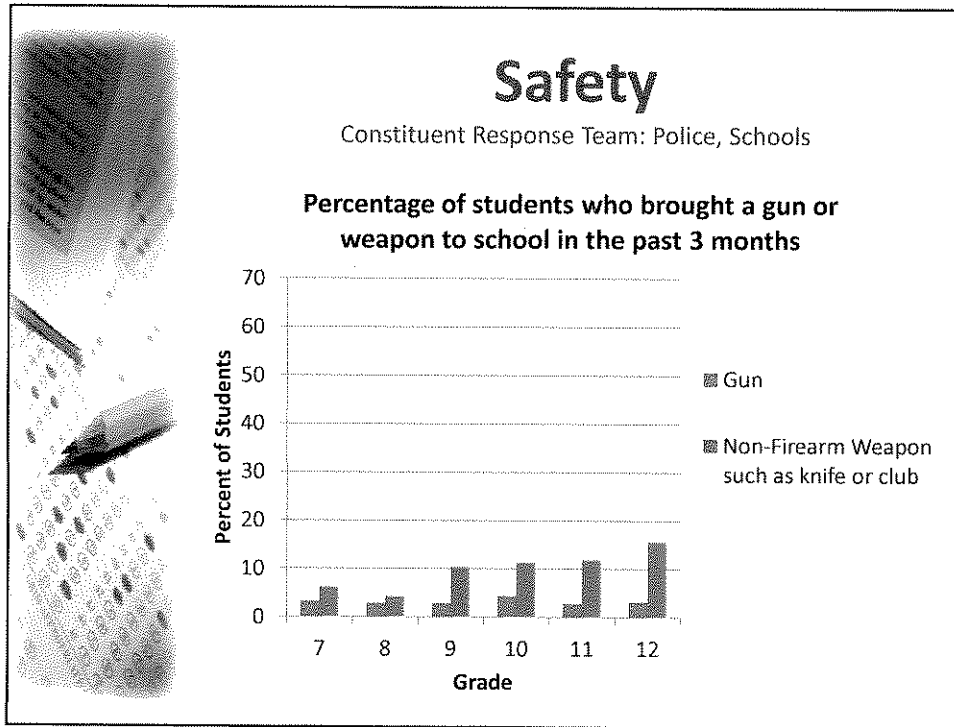

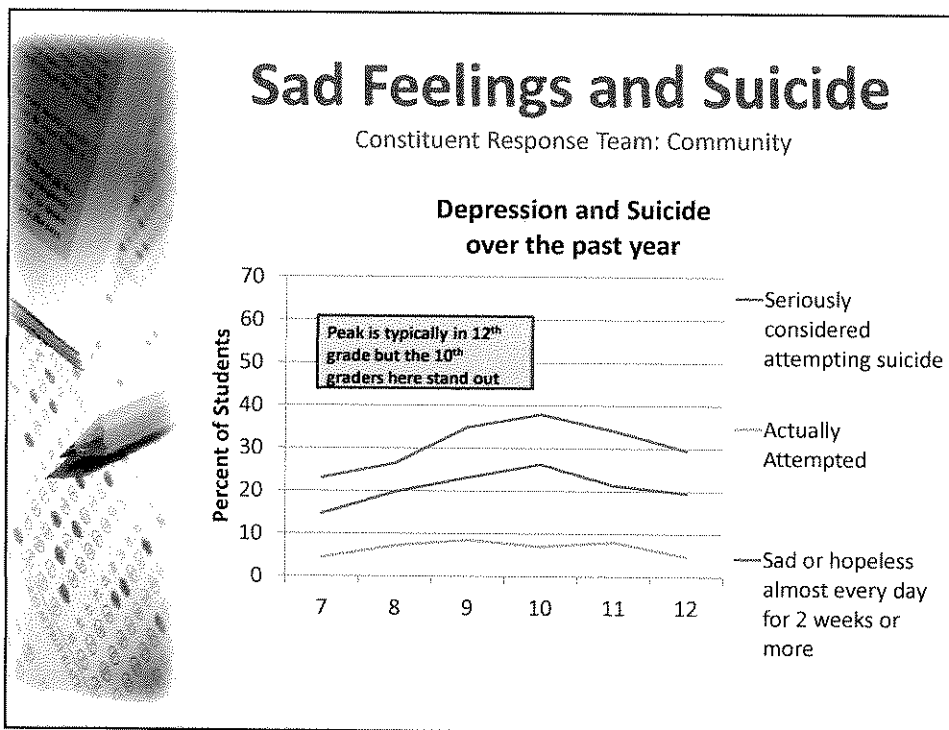

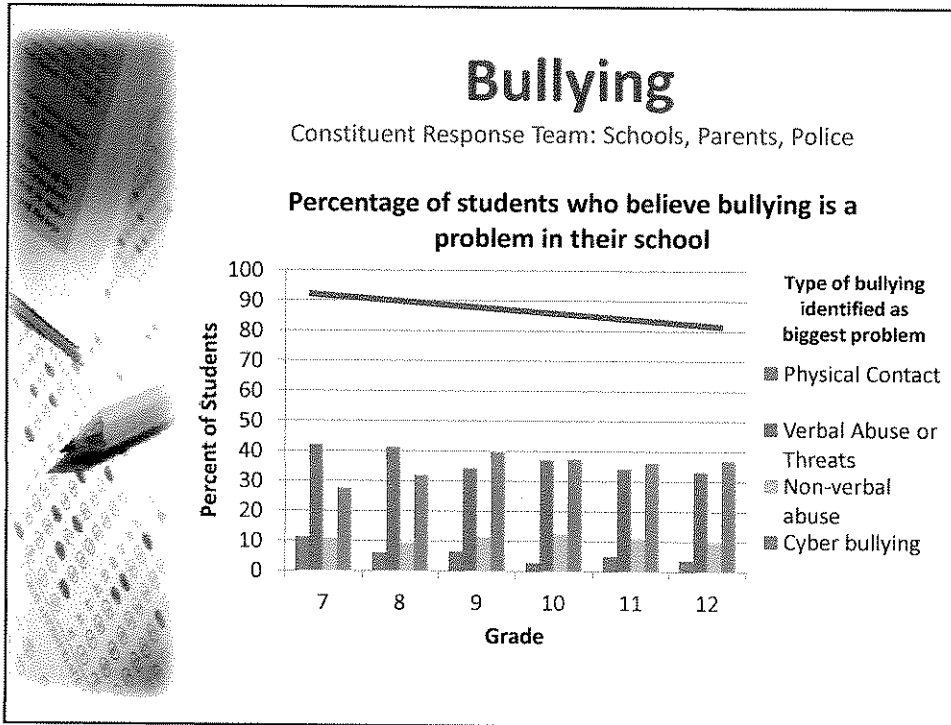

Community Level Report

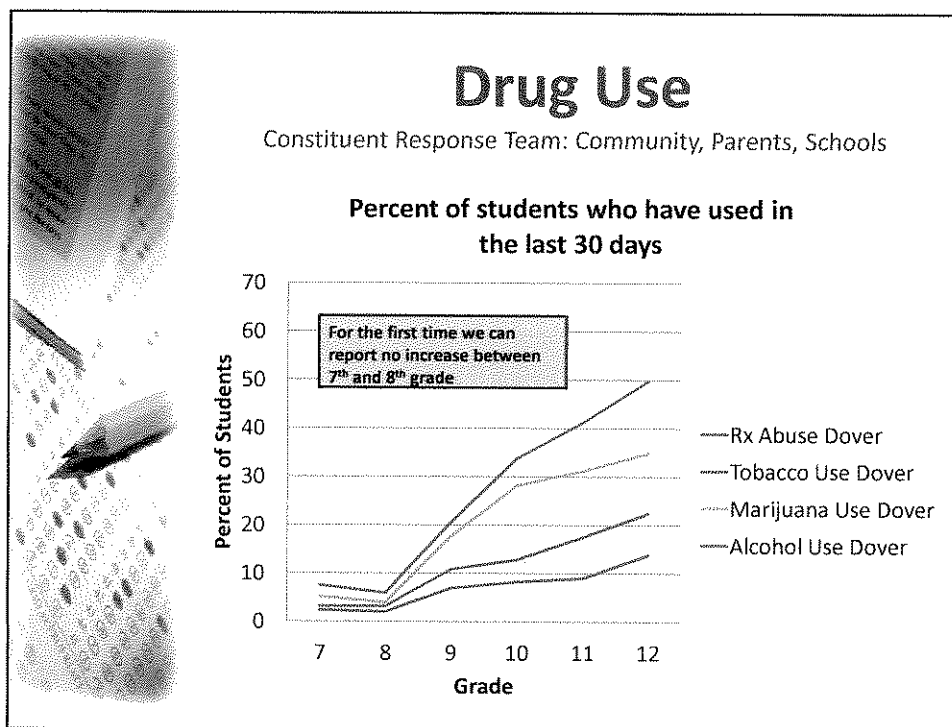

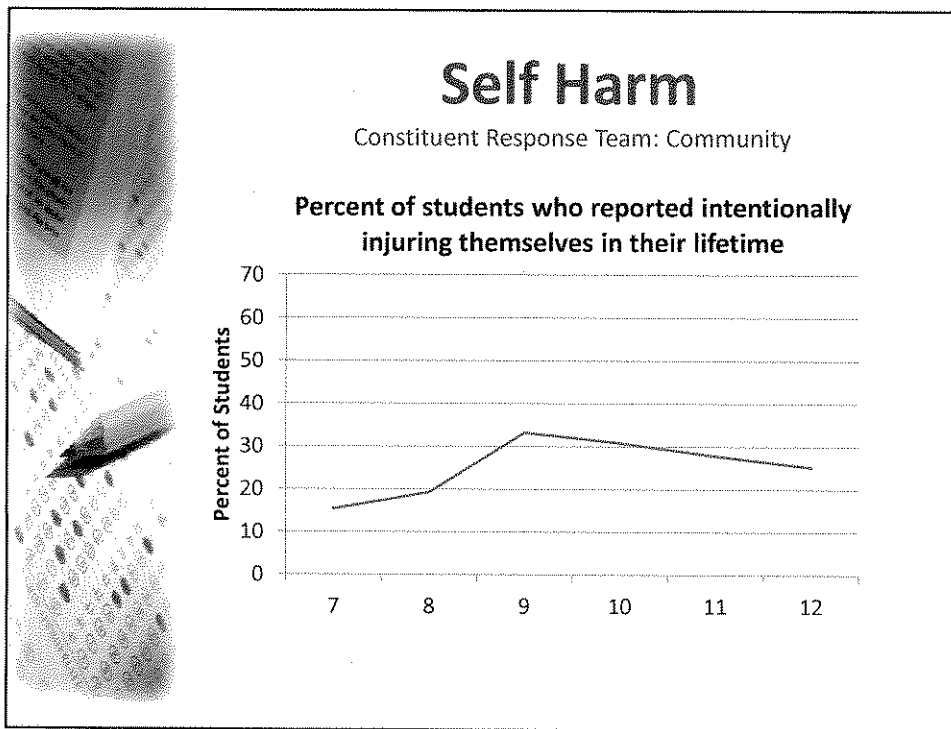

- Conduct survey in school because that is where students are
- Report represents **COMMUNITY** (not limited to school) challenges and successes

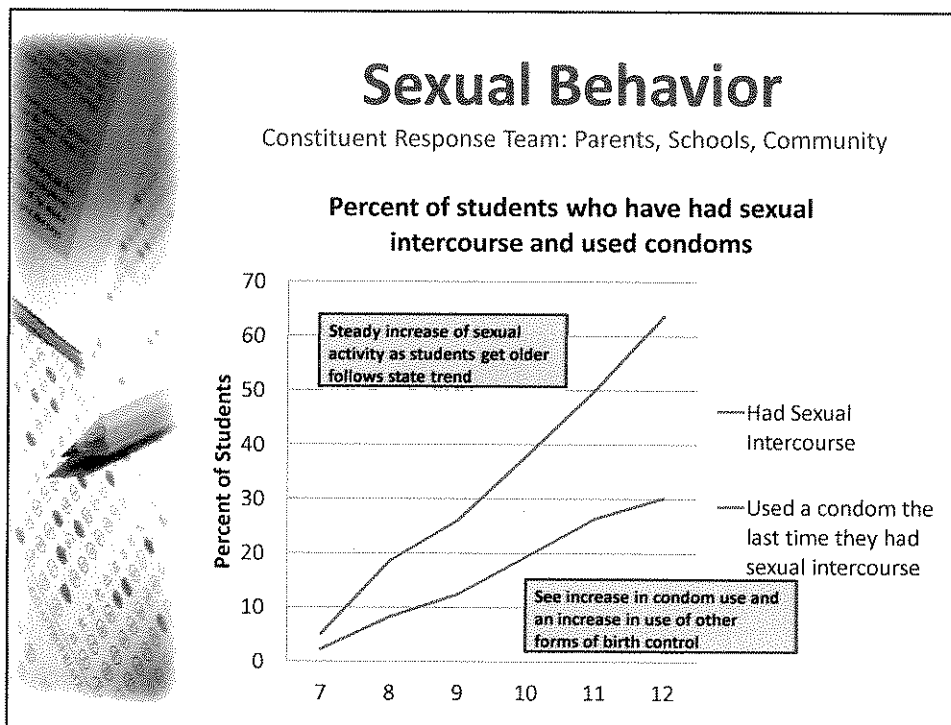

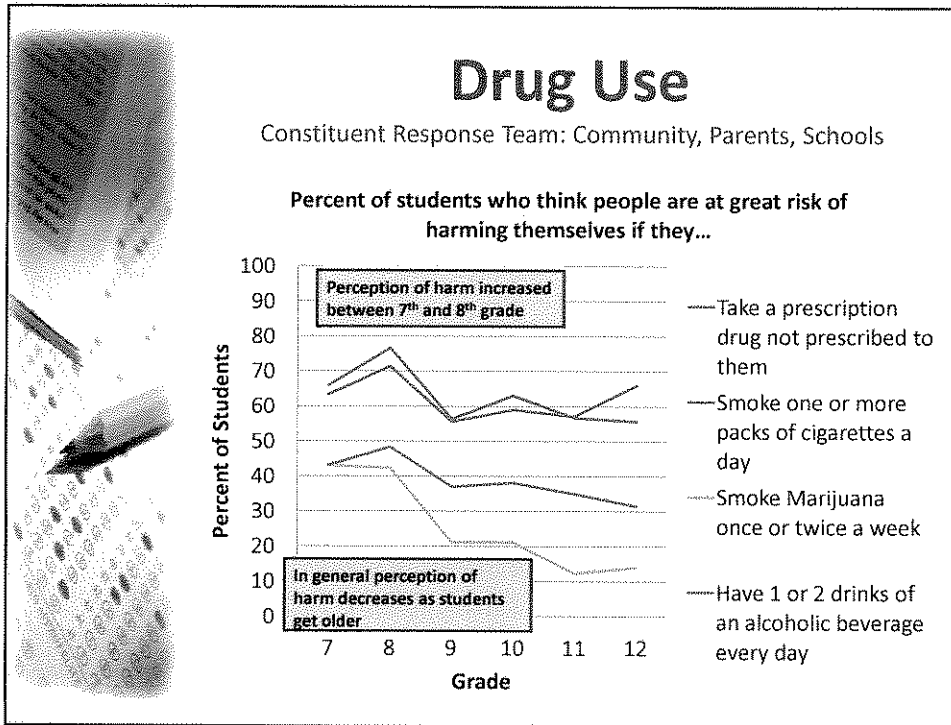

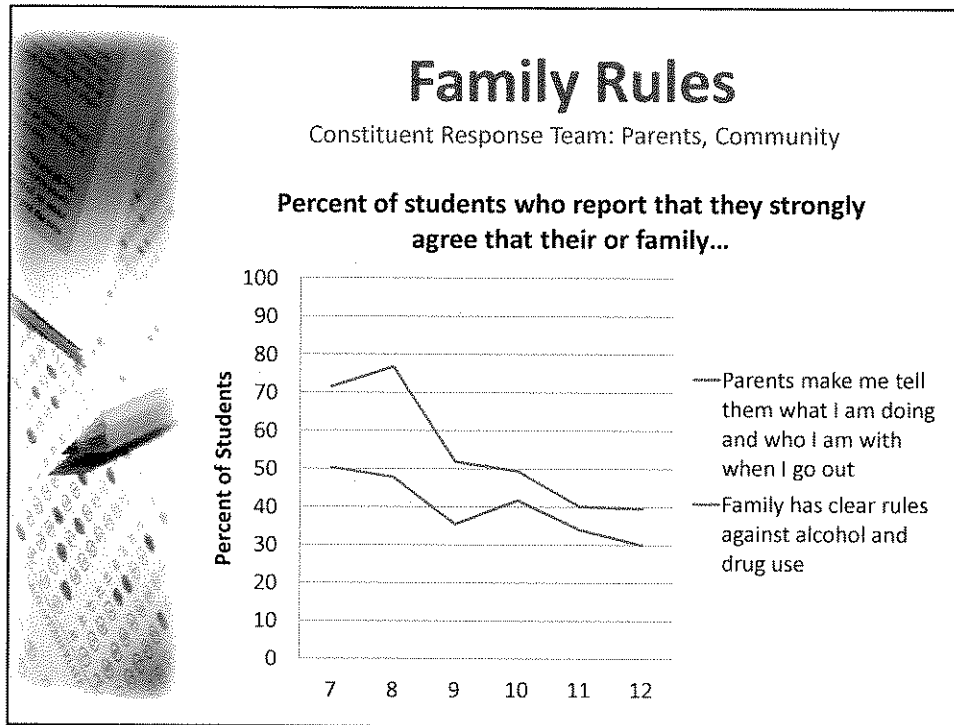

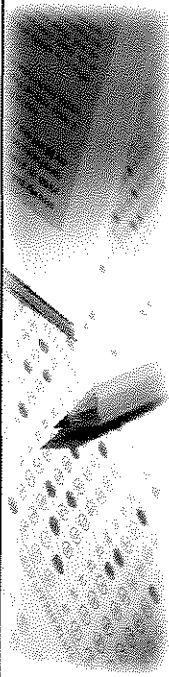

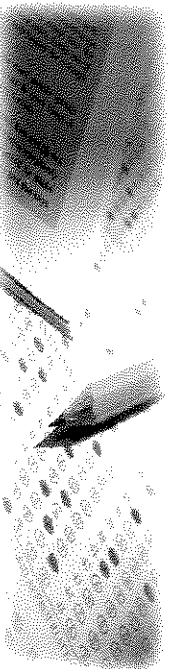

- ## What Next?
- Sharing data with community
 - Gather /seek feedback
 - School Building level focus groups
 - **Collecting 2015 Data**

2015 Recommendations

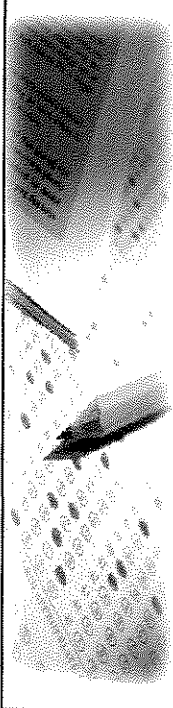

- Dover Survey in even years and YRBS in odd years
- 2015 would be a YRBS year
 - High School Survey 99 questions
 - Middle School 75 questions

2015 Data Uses

- Data will be presented as community data (not as a school problem)
- Helps leverage grant funds
- Allows us to look at trends
- Collecting data is a requirement of current grants and helps apply for new grants

2015 Costs

- 
- All costs are currently funded through grants
 - State is covering all costs for the High School Survey
 - SEED Grant is covering all costs for the Middle School Survey
 - **No cost to the school department**
