1. Call to Order

Meeting was called to order at 6:00 p.m.

2. User's Forum – None

Jim Mastrow, 12 Cherokee Street, stated that he would like to talk about water fluoridation. He has been a Dover resident for 2 years. When he learned that the water was fluoridated, he believed in it. When he read the Foster's Daily Democrat article regarding the fluoride, this made him ask a few questions. Questions included.

Mark Moeller arrived at 6:07 pm

Perry stated that the best thing to do would ask his questions and the board could research the questions for him.

Boulanger asked Mr. Mastrow to email him his questions and he would do his best to answer them.

3. Approval of Minutes of May 15, 2017

Motion: Munson made the motion to approve the minutes, Moeller seconded.

Discussion: Allie stated that under New Business, the fourth paragraph is incorrect. "He is requesting that the DUC add the Removal of Fluoride to the City Council Ballot." He requested that the paragraph is removed.

Perry stated that there was no conclusion to the discussion.

Boulanger stated that Mr. Allie was trying to have a resolution drafter.

Allie stated that he wanted the DUC to try to draft a resolution to recommend that city council place the question on the ballot. A few days later, he realized that the only way the question can be placed on the ballot is with signatures. It can only be done with a petition.

Perry stated that the minutes are very confusing for someone that wasn't at the meeting and they're not supposed to be. He asked for more clarification regarding the discussion.

Vote: U/a
