Dear Karen -

I want you and all your fellow
Councilmen read the letter in Foster's today
& by Mr Miles. I know from the first
meeting on the school we were in all over.
Our assessment went up \$30,000 - taxes up
\$600.00 - And now a mil for a ball
field.

I suggest you all take a step back
and hold up on spending until you can
figure out where you stand. Spending,
spending. It needs to stop. The
developers get all kinds of breaks.
Where in the world are all the people
coming from to rent the hundreds of new
apartments - not to mention stone fronts.

Get your priorities in order and stand
back for a while -

Jane Ann Sherwood
