Discussion About Mural for Pool Wall Facing Henry Law Avenue:

- The city received a grant which the city must match.
- The design was created by a commissioned artist. The actual painting will be completed by participants at the Teen Center.
- The proposed artwork consists of 9 jigsaw puzzle pieces onto which a design roughly representing the habitable continents is portrayed as a flattened map.
- As presented, the design offers no text or context. Undisclosed “statements of affirmation” will be added.
- The pieces will be joined as one unit and mounted onto the wall. It will be backlit so that the whole unit is more visible against the brick wall.
- The design has been approved by the Dover Arts Commission.

Tim made a motion to approve the design as presented. Pat seconded. The vote was a unanimous no. Motion did not pass.

Tim made a motion to indicate the pool advisory committee’s support of the concept and location of the artwork while advising the art commission and the artist to create a design that combines local resources and flavor with an emphasis on water. Sue seconded. Motion passed with a unanimous vote.

Adjournment: Christophe made a motion to adjourn. Tim seconded. Meeting was adjourned at 7:41.
