Councilor Cheney:

The comments that were made by a majority of the Council last week related to the messages sent to and from a constituent in the series of e-mails that were removed last week. I was not aware that there were similar concerns with any e-mail included in the prior month's posting. I will have the prior month's posting removed as well pending the Council's action on a revised resolution next week.

Dear City Manager Joyal and Fellow Councilors,

Thank you City Manager Joyal for attempting to alleviate the most imminent danger to our Citizens in removing the emails you have. When I read your email on Friday I was pleased thinking all email had been removed. I discovered on Wednesday this was not the case. Our Citizens are still in jeopardy when I consider that email content is currently available on our site.

It is disrespectful to our Citizens that we abuse their City Server and disregard their rights to proper representation. I will be satisfied when all of the email is removed from the City Web Site.

Sincerely,
Councillor Catherine.
