TO: Members Joint Building Committee
FROM: Christy Prosser, Director of Technology
DATE: December 11, 2018
RE: High School Technology Device Equipment

As of today, December 11, 2018, the District determined remaining technology needs based on the proposal for various technology equipment for the Dover High School. The specified equipment included laptops, desktops, chrombook/tablet carts and shelves, printers and scanners. Five vendors submitted their proposals on October 5, 2018. The bid results were granted to the selected vendors.

Following the awards of items outlined in quantities on previous orders, we have re-evaluated the remaining needs for technology equipment. The technology department will apply this quantity of remaining items of monitors, laptops, desktops, printers and miscellaneous supply items to complete the original plan of action for the Dover High School Project. The remaining technology fund is \$40,937.82 of the original allotment of funds for client-side technology devices and equipment.

Items are listed below to complete the Technology Orders for client-side devices and supplies listings for Dover High School. Supply items listed will be ordered from CDWG or Amazon. Apple Licensing for additional Apple products purchased are included in the listings below under Jamf. Details are listed:

Vendor	Item	QTY	Cost Per Item	Total Cost
CDW-Government LLC 230 N. Milwaukee Ave. Vernon Hills, IL 60061	Tripp Lite Dual-Monitor TV Desktop Display Mount Stand Full Motion 13" - 27" Mfg. Part#: DDR1327SDD UNSPSC: 56101501	15	\$60.00	900.00
