BOOK CIRCULATION IS UP

11%

compared to November 2017

- Controversial topic research - Howard

book circulation increase
vs. December 2017

before school use: 653

individual users: 991

classes/students: 28/629

individual computer use: 479

volunteer hours: 13.5

What I worked on:

Partnered with Peggy at DPL and Veronica to add students' advisory teachers to their library record. Koha will be creating a way for us to print overdue reminders by advisory for ease of distribution.

Weeded the 900s (history & geography) and moved the 900s and NH History Collection.

BOOK CIRCULATION INCREASE VS. AUGUST & SEPTEMBER 2017

47%

before school use: 788

individual users: 1228

classes/students: 49/725

after school use: 54
