Subject: tonight's budget review

Security Notice: This email originated outside the City of Dover mail system. Please use caution with hyperlinks or attachments.

My Name is Joanne Eaton and I live on Mt. Vernon St. I am writing in regards to the proposed budget for the city.. I am very concerned regarding the ever increasing property taxes here in Dover. It is becoming much more difficult for elderly people on a fixed income to stay in their family homes mostly due to the School Budget that can't stay within the Tax cap.

Every year, it seems like it is perfectly acceptable for the School Board to approve a budget that exceeds the cap, it falls on deaf ears. They are always asking for more and more. It appears that they do not realize what they are doing to the citizens that live within the city boundries.

When is enough enough?

Sincerely,

Joanne Eaton
