Subject: Please keep the school budget as presented

Security Notice: This email originated outside the City of Dover mail system. Please use caution with hyperlinks or attachments.

Good Afternoon,

With the recent Covid events, it is easy to use it as a reason to cut back on our city and school budget. I urge you to reconsider your vote if you intend to cut the school budget based on current world events.

The school district needs the support for technology and to bring the district into the 21st century. Any cuts will keep us status quo. Our students and staff deserve more than status quo.

Please vote to keep the school budget as presented.

Betsey Andrews Parker
