Subject: In support of the School Budget

Security Notice: This email originated outside the City of Dover mail system. Please use caution with hyperlinks or attachments.

Good afternoon.

Thank you all for your commitment to keeping our city's government operating during this challenging time. With many constraints and added pressure on you and your time, please know that your efforts and dedication to Dover are appreciated.

While social distancing mandates keep us from gathering this year to discuss and defend the school budget, thankfully we still have the opportunity to do so electronically. With that, **I am voicing my support for the school budget in its entirety as presented by the School Board.**

In this unprecedented time of immediate need for remote learning, our administrators and educators have risen to the task of preparing themselves and our students for and with robust learning opportunities in a virtual environment. The learning curve for everyone has been steep. And the appreciation that parents and guardians of our students have for the schools have undoubtedly deepened. I should hope that all of us who are singing their praises on various social media sites will express the same support for the school budget while we have the opportunity to do so.

Thank you for your consideration.

Sincerely,

Jill Brooks
