Hello Dover City Council,

Thank you for your service and dedication to our city! You have a tough job to decide how resources are allocated.

I am writing in support of the Dover school budget as presented.

The current health crisis has changed our lives dramatically. As a parent of two high school students, I have witnessed the impact and value that our schools continue to provide to our community. Our families are continuing to be educated, supported, and fed.

Thank you,

Danielle Holt
