Dear Mayor Carrier and City Councilors.

I am writing to express my support for the Mounted Patrol unit here in Dover. I understand that, due to the pandemic, this program is currently suspended. I do sincerely hope that it will be reinstated when it's prudent to do so. The Dover Mounted Patrol is, in my opinion, one of the most unique things about our City...our pride and joy. It brings the community together and witnessing the cooperation between our officers and their horses is a sight to behold. The goodwill that it creates is invaluable. Let it continue.
