Subject: Police Staffing Issues

Security Notice: External sender. Use caution with hyperlinks or attachments.

These issues were a big part of the Police Chief's presentation tonight talking about the Mounted Patrol. I think there is a bigger issue going on with the department, WHY are seasoned officer's retiring maybe earlier then they'd originally planned, or WHY can't the DPD attract seasoned police officers?

I do want to let you know as well, as a volunteer for the mounted unit, I DID NOT receive any email asking for input about funding, or having any input into the process to end it. It is convenient for the Chief that COVID came along and it gave him an excuse to do what he has wanted to do for some time and that is to end the unit.

Make it a ballot item please!!!
