To Whom This May Concern:

I recently heard that Dover is currently debating on whether or not to keep the Dover Mounted Patrol. I wanted to write in and say please keep this special program in Dover. With everything currently going on, it's a plus to have these wonderful officers and beautiful horses seen in a non-confrontational setting. They help the city stay safe as they keep a watchful eye on places where cruisers can't go and can quickly apprehend suspects if needed. They interact with children as well as adults which fosters a good relations with the youngsters and adults with the police. Not many places have a mounted patrol so this adds to Dover's charm. It would be a sad day in Dover if this special program was eliminated. I am proud that our Dover Police Department has the Mounted Patrol, please keep it! Thank you!!!

Sincerely,

Sue Clark
Dover, NH
