City Manager-Mayor-Councilmen- Councilwomen;

Please consider bringing back the mounted patrol to Dover. At his time we especially need Police presence in our downtown area. It is a necessity and a deterrent.

The horses do not cost the tax payers any money, whereas cruisers cost money in maintenance and gas. Horses are supported through donations. The two officers are already on the payroll. There are no longer Police on foot patrol or in cruisers downtown to be visible to the public.

These are bad times for everyone. We need them for the growth that is happening in downtown Dover. The horses on a side note are a way for the officers to bond with the public and earn respect, serve and protect.

Sincerely for life,

Phyllis M Howard`
Robert H Howard (retired Dover P.D.)
