Good Morning Dover City Councilors,

It is my understanding that the Dover Mounted Patrol may be in jeopardy of continuing as a community outreach resource.

As the President of the Children's Museum of New Hampshire in Henry Law Park, I wanted to share that discontinuing the Dover Mounted Patrol would be a terrible loss for the city. They are not only friendly ambassadors to the city's visitors and residents, but play an important role in keeping a watchful eye on the downtown corridor and the activities in Henry Law Park.

I believe their presence not only contributes to public safety, but equally contributes to connecting the police department to the city residents and businesses while being an essential piece of what makes Dover a great place to live and visit.

Thank you for your consideration.

Sincerely,

Jane Bard, President
the Children's Museum of New Hampshire
6 Washington Street
Dover, NH 03820
