I am greatly disappointed by Chief [Bill Breault](#)'s response and demeanor at last night's meeting.

It is clear that he has no interest in maintaining the Dover Mounted Patrol.

The decision should be taken out of his hands.

All,

A residents and property owners in Dover, we urge you all to support the Dover Mounted Patrol.

Please do not shortsightedly eliminate a valuable program simply because times are difficult right now.

I can understand suspending the program for the time being, but no steps should be taken to eliminate the Mounted Patrol. It is one of the many things that makes Dover a truly special place to live.

Thank you,
